MEMORANDUM

To: Board of Public Works Date: 11/20/81

From: Aaron M. Gluck, Director of Purchases

Subject: Bid Reference Number 0617

Attached are copies of Bids received for the 1982 Requirements for Pebble Lime for the Filtration Plant. Purchase Order Numbers A-010116 and A-010117 have been assigned to Marblehead Lime Company and Mississippi Lime Company.

The Filtration Plant has traditionally maintained two suppliers for Pebble Lime, as it one of the primary chemicals used in the treatment of the City's water. Of the three bidders, two bidders met the minimum specifications for Calcium Oxide content, for this reason we are recommending that Marblehead and Mississippi Lime Companies recieve the Bid for 1982.

Please include the attached supporting information when this ordinance is submitted to City Council for Approval. Also, please insure that no confirming Purchase Order number is given to Marblehead Lime Company and Mississippi Lime Company until Purchasing receives written confirmation of Council Approval.

I recommend purchasing water treatment chemicals for the Filtration Plant from the following vendors:

✓Bid No. 617 - Pebble Lime

Marblehead Lime Co. and Mississippi Lime Co.

Divide our purchases between these two bidders. It has long been our policy to maintain two sources of supply for pebble lime. In the event one supplier experiences labor or production problems, the other supplier can maintain our requirements.

The available calcium oxide (CaO) content of Black River Mining Co. (lowest bidder) is 88-90 percent. An available calcium oxide content of less than 90 percent is considered poor quality lime. The available calcium oxide content for both Marblehead Lime Co. and Mississippi Lime Co. will average between 92-96 percent. Technical data sheets from all three of the lime companies are attached along with an analysis of lime samples performed by the Filtration Plant laboratory.

Bid No. 618 - Soda Ash

One of three identical low bidders.

Bid No. 619 - Powdered Activated Carbon

Other bidder was for crystal sodium chlorite in 100# drums, not liquid sodium chlorite as per our specifications.

Bid No. 622 - Anhydrous Ammonia

Ulrich Chemical, Inc.

One of two identical low bidders.

Bid No. 623 - Sodium Silicofluoride

Bid No. 624 - Liquid Chlorine
